Subject: The Marlee Float Skimmer

Dear Mr. Jamie McCutchen:

This email is in response to your submittal to Jennifer Orr, Section Chief, PaDEP on August 21, 2014 regarding the Marlee Float Skimmer.

Please be advised that the Department does not “approve” proprietary products. The Department evaluated the information you submitted to determine whether the BMPs meet or exceed the standards of BMPs contained in the ESPC Manual of 2012. That being said, the findings are as follows:

The Marlee Float Skimmer was evaluated to see if it meets the standards for other approved skimmers in Pennsylvania. It was determined that the Marlee Float Skimmer meets the criteria for a skimmer and can be used with the appropriate flow rate charts in Pennsylvania.

If you have any questions, please contact me at 610-916-0100.

Regards,

Mark Lonergan
PA DEP – Reading District Office
